OPERATION AND MAINTENANCE AGREEMENT

THIS AGREEMENT, made and entered into the 20th day of March, 1964, by and between the Soil Conservation Service, United States Department of Agriculture, hereinafter referred to as the "Service," and the Coal County Soil Conservation District

hereinafter referred to as the "Sponsoring Local Organization," relates to the operation and maintenance of the following described Works of Improvement:

Sites 1 and 3, Coal County, Oklahoma.

The estimated annual cost for operating and maintaining the works of improvement herein described is \$ 300.00 based on present construction costs.

I. OPERATION

The parties hereto agree as follows to the operation of the works of improvement:

- A. The Service will provide such technical services as are available for assistance in the proper operation of the works of improvement.
- B. The Sponsoring Local Organization will:
 1. Be responsible for operation of the works of improvement simultaneously with acceptance of the works of improvement from the contractor.
 2. Prohibit the installation of gates or other obstructions of any kind being placed in any portion of the principal or emergency spillway(s).
 3. Prohibit any works to raise any portion of the spillways above the planned elevation or to deflect or decrease the planned flow through the spillways in any manner.
 4. Prohibit the installation of dikes or other structures which may decrease the capacity of the flood channel or deflect the flow from the constructed channel bottom.
 5. Take all other necessary steps to insure that the works of improvement are permitted to function in the manner for which they were designed, and are operated in accordance with any applicable State law.

II. MAINTENANCE

The parties hereto agree as follows to the maintenance of the works of improvement:

A. The Service will:

1. Inspect the works of improvement at least annually.
2. Prepare and furnish to the Sponsoring Local Organization a report of inspection findings including recommendations for maintenance work needed and when such work should be completed.
3. Provide such technical services as are needed and available for preparing plans, designs and specifications for needed maintenance of the works of improvement.

B. The Sponsoring Local Organization will:

1. Be responsible for maintenance of the works of improvement simultaneously with acceptance of the works of improvement from the contractor.
2. Inspect the works of improvement at least annually and after every major storm or the occurrence of any other unusual condition that might adversely affect the works of improvement to insure proper functioning and to check for possible damage or deterioration.
